# MASTERPLAN

Stage 5 homesites offer the last opportunity to join this dynamic community in the established suburb of Hillside.

And we've saved the best till last!

Stage 5 homesites are located in a quiet pocket of the community, but will still be close to Stonybrook's best features, with the wetlands and reserve a short stroll away. Plus, Stage 5 residents will have excellent access to the Melton Highway meaning they're only minutes from Watergardens Shopping Centre, Watergardens Train Station, local schools and other services.

# STAGE 5 PLAN
